

PRODUCT SPECIFICATION

VERTICAL CABLE MANAGER

INTRODUCTION

Lux's Vertical Cable Manager is a solution for organizing cable on any standard 19" EIA two post open rack system.

Our vertical cable manager can help installers to establish vertical and front-to-rear cable pathways for a single rack or between two bayed racks in the most convenient way.

FEATURES

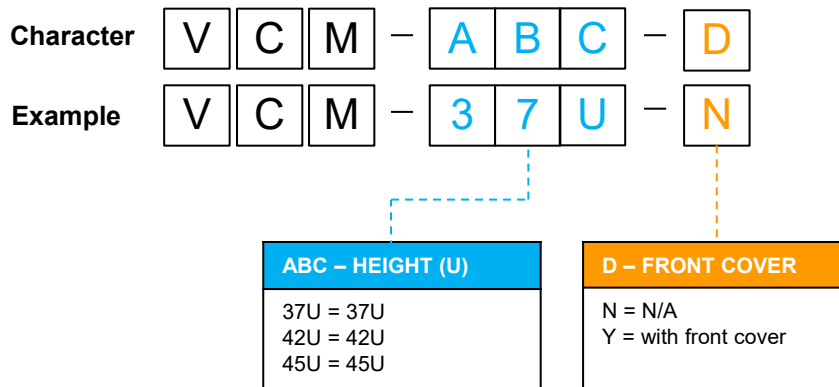

- Curved cable management design for bend-radius protection
- Ideal for organizing in-rack cables while maintaining plenty of air flow
- Protecting cables from hidden crushes, kinks and snags
- Specially designed footstand for auxiliary support
- EIA complied with black power coating
